data in this information product can be found in this report.

The people who worked to make the Caucasus Network program a success are listed in the acknowledgments, in section 2. Section 3 gives site and instrumentation characteristics including a map of the sites and figures showing instrument responses. A description of the processing done on the data is described in section 4. Located and/or associated events are listed in section 5. The data is reviewed in section 6 which also includes a coverage table and describes the various data comparisons that were made using events from the PDE catalog.

2. Acknowledgments

Following is a list of names and institutions that identify the major contributors to the Caucasus Network program and to the data contained in this information product.

name	**institution**
Geoffrey Abers	Lamont-Doherty Earth Observatory of Columbia University
Vigen Aharonian	Lamont-Doherty Earth Observatory of Columbia University
Andre Akimov	OME/Obninsk
Mazen Alawi	Lamont-Doherty Earth Observatory of Columbia University
Linda Carroll	Lamont-Doherty Earth Observatory of Columbia University
Igor Chernoby	OME/Obninsk
Danny Harvey	University of Colorado
Oleg Isai	OME/Kislovodsk
Douglas Johnson	Lamont-Doherty Earth Observatory of Columbia University
David Lentrichia	Lamont-Doherty Earth Observatory of Columbia University
Arthur Lerner-Lam	Lamont-Doherty Earth Observatory of Columbia University
Volodya Mishatkin	OME/Obninsk
Daniel Quinlan	University of Colorado
David Simpson	Lamont-Doherty Earth Observatory of Columbia University
Oleg Starovoit	OME/Obninsk
Russell Such	Lamont-Doherty Earth Observatory of Columbia University
Alexandr Yankov	OME/Kislovodsk
Natasha Zakharchenko	OME/Obninsk
Zhiping Tu	Lamont-Doherty Earth Observatory of Columbia University
Yuri Zhukov	OME/Kislovodsk
